### Gleichen Bowlers Nearly Cop the Bacon.

The Gleichen five pin ticklers arrived in town last Friday, with their eyes full of blood, their pockets full of balls, and their souls full of hope that they would be able to return to Gleichen with the hide of the Bassano Bear Cat, tanned and stretched, hanging from their balls.

But owing to some little miscalculation somewhere on somebody's part the only thing they managed to take back after the Cats had finished with them was the train and a full grown regard for the finishing touches of the Bear Cat's captain.

As an exhibition of Bowling the game was punk but at the same time the scrap was punk enough all round to be speculative and the result was 'in doubt' right up to the last ball bowled by Geo. Stiles.

With the exception of Geo. Stiles and Lorne Webster, no one of Bassano's teams bowled up to form, but thanks mainly to a rally by the former in the first game and a magnificent finish in the last frame of the final game, and to some spectacular shooting by the latter every now and again Bassano were able to finish up the series 5 points ahead of their opponents.

Being in somewhat of a statistical frame of mind we calculate that enough balls were ditched to fill up the main canal of the irrigation ditch, enough ducks were scared to start a duckery and enough rapists etc. rose to at least 11 in all.

In fact at one period of the game the explosion of roofing was so great that it blew down the brick wall of Roy Smith's Garage over hundred yards away.

Among the Rab-Rab boys we visited (or rather heard) particularly Al. Swain, Pete Barry, R. P. Findley, Gus. Hampson, and an individual from Gleichen rejoicing in the euphonious sobriquet of "Slats."

The scores for the series were as follows:

Gleichen A			
Gibson	41	38	36

### At Last!

After many weeks of hard work and patient rehearsing the Big Show promised in these columns for some time past will be staged on Wednesday April 3rd at the Gem Theatre.

Those who have been connected with former performances of a like nature confidently assert that this performance has everything backed up the program for pop, originally, cleverness, and talent.

For the final scene the manager has imported a bunch of students from Ponoka who will give a side-splitting demonstration of educational work at the institution for which Ponoka is famous.

There is little doubt but that the musical end of the programme will out-do anything, professional or amateur, ever presented to a local audience, and we have a hesitation when it comes to naming the purchase of a ticket to every man, woman and child who can possibly attend, and seeing that the proceeds are to be devoted to that most worthy of all war causes the local War Veteran's Association, we recommend the purchase of two tickets.

### Confirmation Service

Three candidates for the solemn rite of Laying on of Hands (or Confirmation) presented themselves to the Lord Bishop of Calgary at the Anglican Church on Tuesday evening and were duly confirmed by him.

Candidat Prayer books.

His Lordship prefaced his address to the Candidates by a short talk to the congregation on the great trials of the war and earnestly urged them to pray unceasingly for the guidance and protection of God over our troops.

The Bishop took advantage of the occasion also to point out to the candidates that the mystical gifts which the faithful receive at their confirmation are the identical gifts which will enable them if they so desire to accomplish many things, which in the stress of circumstances women everywhere throughout the Empire and in the United States are doing to further the causes for which the men of our country and Allies are fighting.

The candidates were Alice Bolton

Elise Bonner and Bessie Bonner.

Oring to the late arrival of No. 4 the Bishop was not able to be present until 8.45, and a short musical service was held pending his arrival. J. W. Tegeder very ably officiated at the organ and his playing was greatly appreciated by the congregation.

Among the players was L. Webster in a natty silk shirt and a very doggy bow; Mr. Solberg was also conspicuous with a beautiful pair of armlets, which scintillated far more brightly than did his; Frank Berry had attempted to camouflage himself with a clean white collar and sundry other adornments; several of the other players wore a beautiful bikini which seems to be very fashionable lately and the spectators generally were suitably attired for the occasion.

The return match will be played some time next week.

Now that Parliament has opened and the usual preliminaries have been accomplished it would be well for private members to take a hand in the carrying out of those principles the profession of which gave them the majorities which entitled them to their seat at Ottawa.

With this end in view we beg to draw our members attention to an oft-expressed and well defined proposition for granting our returned veterans land and assistance to cultivate such land immediately.

Our men have been promised enough privileges to satisfy the most ardent but up to the present nothing of a concrete nature has developed from those promises.

With the propaganda for increased production in 1918 proving the necessity of such beyond all possibility of doubt it is a wonder that nothing has been done to enable our veterans to continue the work they sacrificed their all to accomplish in France, in Alberta, and if any bonuses are to be distributed to ensure increased production there is no one more entitled to such assistance than the returned soldier.

We call on Mr. Halladay to take up this matter and to push it before the Government with all the power at his command for it is one of the obligations of all Unionists to gain for our War Veterans the best available land in the province and above all it must be attended to without delay.

## Replace Your Buggy With a Ford

MORE than 100,000 Fords are owned by people in Canada in preference to the old horse-drawn buggy and other makes of cars.

Your neighbors, and farmers in every section of the Dominion are abandoning their old buggies—selling their driving horses and buying Fords.

Ford cars are utility cars. They are built to endure the strain of constant daily use over rough roads.

These are the tests every farmer gives his car. The Ford meets them in a satisfactory manner. It is the farmer's car, so why not replace your horse and buggy with a Ford?

The Hussar goods being away, Bob had the kitchen all cleaned for the evening and his efforts resulted in a box tastefully wrapped in an old edition of the Bassano Mail and trimmed with binder twine. The artistic effect of the corner of the box being sticking out was very marked. Bidding up the ladies was very keen the box failing to Miss Rosie Tread.

After the contents of boxes were demobilized dancing started and was kept up until 11 o'clock. It was a pleasing feature of the evening to note that several Hussar ladies were present with blankets, which were thrown into greater prominence the absence of the French singing seafarers, who, with one exception, declined to purchase more material of which it is in

It is to be learned that the Hussar ladies will render their duty to support such institutions as the Red Cross and in their citizenship in the new land of their adoption by w.l.o. hearted cooperation in patriotic work.---Comments.

## Doom of King Alcohol

When Every Grog Shop in the Country is Closed Forever

Sonny morning, between now and A.D. 1925, the grog shop in every town in the country is closed forever. How this will be done is not known. The American nation will be richer at the close of every year than it is at the close of every year that it has been in existence, which is now expended for whisky. With the vast sum saved, how the nation will be increased.

Their poverty will be translated into competence, their ignorance into knowledge, their

idle, industrial and scientific schools will be established for them and the children will be comforted.

The prisons and penitentiaries of the country will be half empty, less than half their inmates, the insane asylums will be depleted, and fewer than half the inmates will be defective minds and bodies.

The world will take mighty steps forward.

"The good time coming."

—Los Angeles Times.

## The Worse of All

The trouble, as a friend remarked to us the other day, is that there are too many brainless days.

—Philadelphian.

## A Submariner Story

Why the Big U-boat Proved to Be Harmless

Even the boasted German genius for organization is not infallible, judging by a curious but authentic fact recently occurred in home waters not so long ago.

One of the British patrol vessels met a U-boat, and after a brief exchange of fire, the Hun commander, who was reported to be a woman, was lucky. "We should have done you," he declared, "if we had had proper ammunition." The British admiral replied that all the shells supplied to this particular submarine were filled with the explosive T.N.T.

One of these shells exploded actually struck the patrol vessel near the bows, and would certainly have destroyed the ship, but the U-boat's U-boat captain could not, or would not, offer any explanation of the mystery. It is to be hoped that a case of graft or gross negligence on the part of the German dockyard will be investigated.

There is more Cather in this "softer" of the Great Lakes than in the Ganges, and for years it was supposed to be the cause of the "softening" of the bones, and by constantly failing to cure with food, the disease was increased to a local disease, greatly influenced by constitutional treatment.

It is a well-known fact that Dr. T. G. Tolson, O.M., is a constitutional rheumatologist, and it is to him that the Macmillan Surface of the Year Award was given for his work in the cure of the disease.

Dr. Tolson's Cures are to be found in the Macmillan Surface of the Year Award, and the author of the book, Dr. T. G. Tolson, O.M., is to be congratulated.

The escaped convict was a very polite fellow.

It left behind him a note for the warden asking to be excused for the liberty he was taking. —Baltimore American.

**It Has Many Qualities.** —The man who has a bottle of Dr. Tolson's Electric Salve is armed against many ills. It will cure a cough, break a cold, remove a sore throat, will reduce the swelling from a sprain, cure the most persistent sores and remove the most obstinate cutaneous. It is a medicine chest in itself, and can get for a quarter of a dollar.

**A Valuable Pamphlet.**

In order that intending settlers in Western Canada may be informed as to the system of government which prevails in this country, the Canadian Dept. of Justice has issued a guide through a department of colonization and development of the prairie provinces. "System of Government," which explains in very simple language the general principles of the political and civil government in this country. A copy of the pamphlet may be had without charge by addressing to Robert C. Ross, Dept. of Development of Colonization and Development, Canadian Pacific Railways, Calgary.

**Festus—Why did that queer fellow do that?**

Assistant—He said that his eyes are so poor that he didn't think he could address letters.

The Australian soldiers, like the Canadians, have seen a bit of the world, and are learning to get along according to the men from the south.

Commonwealths they have seen

At Colburn where a number of

these men are under treatment in hospitals, they are learning to

air their complaints with interlocutors, and learned to cut a few curves themselves. The fine ex-patriots are getting along in Canada as a novelty to them.

During the high winds of last week's portion of the wall of Roy Smith's Garage was blown down and the building now looks as if it had been hit by Jack Johnston or some other species of shell.

Pte. F. Pregant is the latest of our War Veterans to return from "over the mtn." after having done "a bit." He's been kindly engaged since Friday receiving congratulations and we beg to tender our thanks for your forthwith.

The Hussar branch of the Red Cross Society is to be heartily congratulated upon the great success of the Red Cross Social which was held on Friday evening March 10th.

One of the most interesting features of the social was a small competition of the members and supporters of the Society who were able to present and the splendid result attained. It is a great credit to the Red Cross Society that it is a specialty meeting, and Mrs. J. H. Davies who is in charge of several

W. M. members and committee men in addition to shouldering the work of the meetings which up to the present have all been held at her home.

The following is a summary of the amount of cards and other games which occurred in the time until 11 p.m. when the meeting of brackets started.

Bidding was very spirited and the bidders entered into the strife in grand style, a splendid competition between the Red Cross Society and J. H. Davies who was the chief competitor.

One of the features of the auction was a basket that ladies only were allowed to bid on. Zebedee, the old black dog, was the highlight of the basket and it was hardly right that the ladies should make up the basket and buying a \$10.00 moment, or two or three previous evening confined in Manager Strainburgh that a world wide, ladies only to up a parcel of his own, ladies only to

Tomorrow (Good Friday) service will be held at the Anglican Church at 8 p.m.; and on Easter Sunday there will be a Celebration of the Holy Communion at 8 a.m. and Matins and Second Celebration at 11 a.m.

Easter Sunday is being observed as the day of celebration of the wonderful defense made by the Canadians at Vimy and citizens are expected to fly their flags in token of their remembrance and appreciation.

The next meeting of the Red Cross will be held in the reception rooms of the Hunter Hotel, tonight at 8:30. This is to be an experiment and it is hoped by holding meetings in the evening to get a larger attendance.

Some idea of the number of land buyers, new settlers and visitors which are thronging the town these days may be estimated from the fact that at the Hunter Hotel alone more than seventy people were unable to find accommodation on Monday.
